

STOP AND THINK! POPULAR GOODS MUST HAVE MERIT

Why Does Tanlac Sell at the Rate of Five Million Bottles a Year?—Albert Matroni of Holyoke Gives His Reason and Tells of Quick Recovery

The production of Tanlac, the National Tonic, now is at the rate of five million bottles per year.

Stop and think. Of course it pays to advertise—pays tremendously when the product advertised has absolutely no competition and "makes good" to the last word. But do you think advertising alone would create a demand for Tanlac approximating 100,000 bottles per week?

Don't you agree that merit is an extraordinary as to stamp Tanlac as absolutely unique in its powers to "make good" is necessary to make such a record.

Tanlac is a tissue builder, appetizer and invigorant. It reaches, with its reconstructive qualities those ills of the stomach, liver and kidneys and catarrhal affections of the mucous membranes, that are the common ailments of the day—the strength giving tonic—creating ailments that "get your nerve" whether you be merchant, or artisan, employer or employee, man or woman.

Albert Matroni, a tailor living at 311 High street, Holyoke, Mass., has suffered from stomach trouble, and was in a general rundown condition. Mr. Matroni has been taking Tanlac and tells of the remarkable results obtained. In full Mr. Matroni said:

"I have suffered from stomach trouble, had a tired and weak feeling all the time, and did not feel like working. I could not eat very much and always felt shaky in the morning when I would get up.

"I saw Tanlac advertised and since taking it I can now eat fine. I feel much stronger and I am more willing to work, as I do not have that tired feeling in the morning.

"I am now very glad to recommend Tanlac and to allow the use of my name as I want everybody to know how good it has made me feel."

Tanlac is purely vegetable. The ingredients are brought from many parts of the world. In the Tanlac laboratories these are compounded with absolute accuracy so as to obtain the high standard of efficiency that is maintained in the National Tonic.

Weak, rundown men and women, who need better digestion, more strength and a toning up of the nervous system will find Tanlac an ideal tonic, appetizer and invigorant.

Tanlac is now sold in Brattleboro at the Brooks House Pharmacy and can also be obtained in all neighboring cities and towns at the Tanlac Stores—Adv.

Sporting Notes.

"Dutch" Leonard, after being knocked off the slab Tuesday by St. Louis, "came back" yesterday and shut out the pennant contenders without hit or run and passed only two men, neither of whom reached second base.

The first national turf tennis championship of 1916 was won on the courts of the West Side club at Forest Hills, N. Y., Tuesday afternoon when W. M. Johnston and Clarence J. Griffin successfully defended their doubles title against Maurice E. Loughlin and Ward Dodson of Los Angeles in a four-set match which they won, 6-4, 6-3, 5-7, 6-3. The winners wrested doubles honors from McLaughlin and Bundy on the same turf a year ago.

Grover Cleveland Alexander, star pitcher of the Philadelphia National league team, is \$1,000 better off for having won his game against the Cubs at Chicago Monday. It was the 25th victory for Alexander this season, which gave him the bonus of \$1,000 offered by the Philadelphia club should he score 25 wins during 1916. Alexander had another mark to shoot at in the game with the Cubs. He has pitched 13 shutout games this season and should he throw another it will make a new record.

The last of the foreign entrants in the 26th annual championship singles tournament of the national tennis association were eliminated at Forest Hills, N. Y., yesterday in the second round of the play on the West Side club courts. Ichiji Kumagae, champion of Japan, went down in straight sets before the smashing net play of George M. Church of Tenally, N. J., 6-3, 6-3, 6-1. Dean Mathey of Cranford, N. J., defeated A. W. MacPherson, champion of Russia, in a four-set match, at 6-4, 7-5, 2-6, 8-6. Theodore R. Pell of New York won from Frederick B. Alexander, also of New York, 6-4, 6-3, 2-6, 6-3.

Jack Barry, star infielder and balance wheel of the Red Sox inner defense, had a bone in his right hand smashed in Boston Tuesday by being hit with a pitched ball from the service hit of Dave Davenport. He will be out of the game three or four weeks at the shortest and the Champs may not be able to play him again this year. The accident, which many believe will be the means of knocking the Carrigans out of the world's series, came in the first inning of the first game between the Sox and St. Louis. The ball hit him squarely on the back of the right hand. He went to first and was thrown out at second trying to steal.
